Policy Statement

Student wellbeing and behaviour management has to be based on clear rules, forgiveness, the need and opportunity to say sorry, the realisation that we make choices – good and bad and that there are consequences of, and for, those choices and that the student gets another chance.

Serious issues – physical behaviour against another, sexual harassment, bullying and racial slurs all require investigation and referral to Admin immediately.

Bullying - Our policy recognises the fact that bullying and harassment can undermine our school community and may have long term effects for individuals. We aim to provide a safe, inclusive, caring, supportive and ordered learning environment free from bullying, harassment and violence. Bullying, including cyber bullying, harassment and violence, is not acceptable in this school, and will be dealt with seriously and promptly.

Purpose

The purpose of this policy where:

- Create an environment in which:
 - teachers can exercise their right to teach
 - students can exercise their right to learn without interruption
 - parents' rights to expect a quality education for their children may be fulfilled
- Assist students to make responsible choices about their behaviour and to accept the consequences of those choices
- Implement an approach to behavioural problems which:
 - is consistent throughout the school
 - understood by the total school community and is consistent with the school's Mission and Vision statements
- Create a positive, respectful climate where students, teachers and parents can work together to help students solve their problems in a manner which will enhance self-esteem and promote responsible behaviour choices
- Provide guidelines to ensure appropriate and equitable treatment of students.

Scope

The parents/carers, students and school staff each have specific responsibilities to ensure student welfare remains a priority.

Anti-Bullying Procedures

At the beginning of the year and regularly throughout the year, rules, routines, rights and responsibilities are taught within each class. These are published in each classroom and cover all aspects of life within the school and are referred to in 'class meetings' when necessary to assist staff and students in responding to inappropriate behaviour by students.

As a school staff we shall attempt to prevent bullying at Immaculate Heart by:

- Being a role model in word and action at all times
- Being on the lookout for signs of distress or suspected incidents of bullying
- Making efforts to remove occasions for bullying by actively patrolling areas during playground duty
- Arriving at class lines on time
- Reporting bullying to the Principal or Admin team member
- Taking steps to empower victims before bullying begins
- Discussing with classes the question of bullying and discuss ways to prevent it
- Skilling the students in the class through conflict resolution exercises and assertive behaviour
- Following the School expectations and consequences consistently for all students.

Steps to counter bullying:

- All reports of bullying will be taken seriously and will be reported to the Principal or Assistant Principal
- Teachers who learn of bullying actions will respond and report the actions to the Principal or Assistant Principal
- In the school curriculum, the topic of bullying will be discussed with the students and dealt with at the appropriate level. This will be done at the beginning of each school year in every class
- Anyone present when bullying occurs has an obligation to try to prevent it.
- Parents who have concerns of possible bullying are strongly advised to contact the school.

Responsibilities of students:

- To 'talk to an adult' (eg. a parent, teacher, staff member) if they are being bullied or if they see someone else being bullied – both at school and on the way to or from school
- To help someone who is being bullied
- To not bully others

Responsibilities of parents

- To watch for signs that their child may be being bullied eg. unwillingness to attend school, a pattern of headaches, missing equipment, requests for extra money, damaged clothes or bruising
- To speak to someone on staff (classroom teacher first) if their child is being bullied, or they suspect that this is happening
- To encourage their child to seek support if they are bullied

Reporting Bullying

Incidences of bullying can be reported to any teacher, school officer, or school leadership team by students and their parents. Any bullying incidences that are dealt with will be recorded.

Procedures for reported incidence of bullying:

Steps to be followed upon report of bullying:

- Incidents of bullying reported
- Incidents relayed to appropriate person if necessary
- Appropriate person interviews alleged perpetrator, victim and any bystanders to establish facts

Act of bullying verified:

- Appropriate person counsels so that person who bullied is aware of the effect on victim
- Appropriate person ensures the perpetrator acts in a responsible and constructive way to remedy the situation (written or verbal apology also needs to be given)

- Teacher puts appropriate steps from Behaviour Management Policy in place (withdrawal, detention, relevant intervention etc)

If further incidence of the bullying cycle occurs:

- Teacher, in collaboration with Principal, to interview student and their parents
- Principal to make clear consequences of repeat occurrence
- Counselling (on a private basis) is recommended for student who bullied
- Further action (internal/external suspension) is at the discretion of the Principal.

Suspension & Expulsion

Internal or external Suspension will be enacted if deemed appropriate for the behaviours exhibited, i.e. bringing the name of the school into disrepute, extreme violence or disruption Students may be withdrawn for safety reasons while appropriate care/support is arranged, and parents contacted. Class teacher will be informed of action taken.

The Suspension and Expulsion Process to be followed by Leadership Team is clearly detailed in the [BCE Administration Handbook](#):
